

Price Estimation for Service Bundles

The Agency for Health Care Administration provides information on payments made to facilities for defined service bundles and payments on their pricing website located at <https://pricing.floridahealthfinder.gov>.

This service bundle information is a non-personalized estimate of costs that may be incurred by the patient for anticipated services. Actual costs will be based upon services actually provided to the patient.

Below is a listing of physicians who perform procedures at this facility along with their phone number. Please contact them for an estimate for their services that may be billed separately from the surgery center bill.

All of these Physicians can be reached at 407-254-2500.
